Discovery Tours brings couples and families unmatched access to the most dramatic scenery New Zealand's South Island has to offer. I operate luxury vehicles in line with my goal to provide personal, friendly and professional guiding services. Rodney Bloxham, Elayne Nilson-Reid and I have many years of experience behind the wheel, gained by driving throughout New Zealand on all manner of public roads and farm tracks. In addition we have attended driver training courses and we each have our Passenger Endorsement.

Tourism New Zealand's official
'Qualmark' certificate; a sign of
dedication to safety & satisfaction.
Discovery Tours; one of the first
activity providers to be endorsed

Client Comments:

Dear Vernon, our time with you was not only comfortable, but you were very responsive to take us to see things that we hadn't seen in years & make picture stops to capture Mt. Cook and the Canterbury plains. You provided us with more than just a ride from Mt. Cook to Christchurch, but gave us friendship through your conversation, optimism, and honest hard working attitude. The hours flew by as we enjoyed your company and we were impressed that due to you, our wonderful hiking holiday came to a joyous ending. We have told all our friends about our wonderful experience with you. What a great time! You were a real connection to the Kiwi people and we are so glad we met you. We wish you great success in your business and know that you will do well given your personality knowledge, and special treatment of people. Thanks, again Fenton & Pat Rees, USA.

Your safety, comfort and enjoyment along with unmatched access to any place you seek to go, are my priorities!

The Vehicle Fleet

Comprises of two 4WD LandRover Discovery's, a Mercedes Benz Sedan and a 4WD Toyota Land Cruiser Arkvana. Each widely accepted and renowned for their design and comfort, while very capably of for filling their respective roles.

LandRover Discovery

Designed as an off road 4WD vehicle that could also provide comfortable on road travel for up to 7 people. Rodney owns the blue 'Landy' and I own the red 'Landy', together we've found these vehicles to suit our every need, with many of our clients remarking on the comfort and freedom offered by these multipurpose, luxury vehicles.

Toyota Land Cruiser Arkvana

The Toyota Arkvana is an extended Land Cruiser that carries 11 people and is still capable of driving over the most rugged terrain and is -

- mostly used on the Lord of the Rings tour. Sometimes larger groups are transported in the 'Cruiser', a comfortable off road people mover.

Mercedes Benz

German class and style engineered for one aim; no matter the distance, deliver you to your destination feeling relaxed and ready to go! My 'Merc' can carry 4 adults and luggage with more comfort on the road, than the other high riding 4WD's can.

Departure Times

You tell me what time to pick you up and from where and I will provide 'door to door' service!

Charter Transport Prices (valid until 1/9/06)
and all prices are in NZD with GST included.
\$140 / hour for the vehicle and guide whilst driving
\$35 / hour for the driver to wait while you shop
\$70 / hour for guiding service outside of the vehicle

Comprehensive Service

On route I am happy to make calls via my mobile to secure bookings for you at your next destination, make stops at any time to take photo's and of course provide commentary about the ever changing New Zealand landscape you are traveling through.

Satisfaction Guaranteed !

I believe you are as good as your word and so I will give you your money back if you are not satisfied with my service.
